Professional Summary

Full-Stack Software Engineer from **Ensimag**, with Java/Spring product delivery at Dassault Systèmes and production APIs at Gustave Roussy. Analytical, detail-obsessed, and fast learner. Building LLM products with **React**, **NestJS**-style APIs, and RAG pipelines. Excited by Jimini's mission to transform legal research, analysis, and drafting — ready to ship robust, scalable features with exceptional UX.

Core Strengths

React / **TypeScript** · **NestJS** / **Node** · Python backends · REST · UI/UX collaboration · LLM / RAG · Architecture & scalability · Communication · Extra-mile quality

Experience

Shift Technology – Platform Software Engineering — Paris, France
Software Engineer (CDI – Platform / Backend) — *Sept 2026 – Nov 2026*

- Joined the **platform** / **foundations** engineering context: C# / .NET services on **Microsoft Azure**, contributing to shared building blocks used by product squads (APIs, config/transversal services).
- Worked with **high-performance API** patterns, cloud data stores (**Azure Cosmos DB** notions), messaging (**Service Bus** notions), and infrastructure-as-code awareness (**Terraform** notions) in a hybrid SaaS environment.
- Practiced ownership habits: design discussions, code reviews, monitoring mindset, and shipping incremental improvements on shared platform components.

Gustave Roussy & CentraleSupélec MICS Lab — Paris / Saclay, France
Software Engineer (CDD – Backend / Data Platforms) — *Jan 2026 – Sept 2026*

- End-to-end ownership of features on health/research data platforms: API contracts, persistence, access control, and stakeholder demos.
- Python/FastAPI + PostgreSQL; performance work (+30% on hot queries); Docker + CI/CD; emphasis on reliability for sensitive data.
- Partnered with MICS lab and Gustave Roussy teams — strong product empathy and clear technical communication.

Dassault Systèmes – 3DEXPERIENCE / 3DSwym R&D — Vélizy-Villacoublay, France
Software Engineer Intern (Full-Stack Module Rewrite) — *Mar 2025 – Sept 2025*

- Delivered a user-centric Survey module rewrite on 3DSwym: backend Java/Spring + front integration concerns, Agile prioritization, and production-minded quality gates.
- Strong OOP, API/data-model design, TDD, and measurable outcomes (+35% perf, 85% coverage).

INRIA Grenoble – Humanlab / Froll'N'Roll — Montbonnot-Saint-Martin, France
Research Intern – Real-Time Control Modules (Assistive Wheelchair) — *May 2024 – Aug 2024*

- Developed real-time control modules in **C**/**FreeRTOS** and Python for an electrically assisted manual wheelchair — direct user impact with continuous validation with the end user.
- Redesigned communication/data pipelines under latency constraints; improved responsiveness by ∼**40%**; contributed to open/documented research codebases.
- Human-centered engineering: DIY hardware/software integration, iterative prototyping, and clear technical communication in a multidisciplinary SED team.

Selected Projects

Legal Draft Assistant (MVP) | React, NestJS, TypeScript, PostgreSQL — GitHub

- React UI for document Q&A and drafting assistance; NestJS API for auth, document store, and LLM tool calls; citation-aware editable outputs for non-technical users.
- Emphasis on clarity, precision, and reviewable outputs — culture fit for legal AI products.

Case Corpus RAG Pipeline | Python, LangChain, NestJS gateway — GitHub

- RAG over a mock case corpus with retrieval evaluation; NestJS gateway exposes REST to the React client; monitoring of failure modes.

Technical Skills

Frontend: React, TypeScript
Backend: NestJS/Node, Python/FastAPI, PostgreSQL, REST
AI: LangChain/RAG, prompt/tool design
Quality: tests, CI, code reviews, technical writing; Ensimag + DS R&D rigor

Education & Certifications

Grenoble INP - Ensimag — Grenoble, France
Engineering Degree – Information Systems / Software Engineering (Double Degree) — *2023 – 2025*

École Nationale Supérieure Polytechnique de Yaoundé — Yaoundé, Cameroon
Master's Degree in Computer Engineering – Top 12% of class — *2019 – 2023*

Certifications: Programming Foundations – TDD (LinkedIn, 2025) · Primerli – Insurance Industry Foundations (2025)

Languages & Extra

English: bilingual / professional · **French:** fluent · **Spanish:** intermediate
Extra: academic tutoring (UGA DAEU maths; 4 years mentoring baccalaureate students in Cameroon) · tennis, football
