LinkedIn | Bilingual English/French | GitHub

Professional Summary

Software Engineer (Ensimag, Bac+5) with hands-on **C# / .NET** production work (Shift, Azure), **SQL** & REST APIs (Gustave Roussy), and fullstack delivery with front collaboration (Dassault). Daily user of **Cursor / Claude / Copilot-class** tools — always **review, test, and challenge** AI-generated code before merge. Seeking **Développeur .NET / Angular & IA** at **OGF** (Courbevoie, CDI) to ship reliable features for métier teams with quality, empathy, and continuous improvement.

Core Strengths

C# / .NET · Angular / TypeScript · SQL · Git · Tests & MCO · GenAI-assisted coding with ownership · Métier workshops · Empathy & rigor

Experience

Shift Technology – Platform Software Engineering — Paris, France
Software Engineer (CDI – C# / .NET Platform) — *Sept 2026 – Nov 2026*

- Developed and evolved **C# / .NET** shared services and high-performance **REST APIs** on **Microsoft Azure** used by product squads — feature delivery end-to-end.
- Technical design discussions, unit/integration tests, debugging, code reviews, and **production readiness** (monitoring mindset, incremental releases).
- Data & messaging: **SQL**-oriented modeling habits + **Cosmos DB / Service Bus**; Git workflows; pair work with platform & product engineers.
- **AI-assisted development** (Cursor / Copilot-class): accelerate boilerplate, tests, and docs — then **challenge** generated diffs for correctness, security, and maintainability.

Gustave Roussy & CentraleSupélec MICS Lab — Paris / Saclay, France
Software Engineer (CDD – APIs / SQL / Angular UI) — *Jan 2026 – Sept 2026*

- Built production REST backends (Python/FastAPI) with strong **SQL / PostgreSQL** modeling & indexing (**∼30%** faster critical reads).
- Shipped **Angular / TypeScript** admin screens for internal workflows (forms, lists, API contracts); Git + GitHub Actions; Docker.
- Workshops with métier / research users: clarify needs, propose pragmatic solutions, support **MCO** (incidents, fixes, handoff docs).
- Used GenAI assistants for scaffolding & refactoring; ownership of every merge after tests and human review.

Dassault Systèmes – 3DEXPERIENCE / 3DSwym R&D — Vélizy-Villacoublay, France
Software Engineer Intern (Full-Stack Module Rewrite) — *Mar 2025 – Sept 2025*

- End-to-end rewrite of the Survey module: analyze, design, implement, test, and deliver with product Champions (MoSCoW / Agile).
- Backend Java 17 / Spring Boot / Hibernate + front collaboration (**TypeScript / Angular**-style UI contracts); **TDD** (JUnit).
- Outcomes: **∼35%** performance, **∼85%** coverage — continuous quality & performance improvement mindset.

INRIA Grenoble – Humanlab / Froll'N'Roll — Montbonnot-Saint-Martin, France
Research Intern – Real-Time Control Modules — *May 2024 – Aug 2024*

- C/FreeRTOS + Python pipelines; **∼40%** responsiveness; continuous validation with end users.

LIG – Laboratoire d'Informatique de Grenoble — Grenoble, France
Cloud Infrastructure Intern (OpenStack / Grid'5000) — *Feb 2025 – Mar 2025*

- Automated cloud experiments; Git collaboration; reproducible scripts — ops curiosity for MCO contexts.

Selected Projects

.NET + Angular Internal App | C# / .NET, Angular/TS, SQL, Git — GitHub

- Full feature slice: **C# / .NET** API + **Angular** UI + SQL model; unit tests; CI; README with AI-assisted workflow notes.
- Workflow: Copilot/Cursor draft → **review & challenge** → tests → merge — matches OGF "IA avec jugement" expectation.

Shift .NET platform + Gustave Angular/SQL | Production craft — Shift / Gustave Roussy

- Production C#/.NET APIs + Angular/SQL internal tools — ready for OGF transversal apps (directions métier).

CI Quality Pack | GitHub Actions, tests, Docker — GitHub

- Reusable CI: lint, unit tests, container build; docs for handoff — quality gates for continuous improvement.

Technical Skills

Back: C#, .NET, REST APIs, SQL / PostgreSQL
Front: Angular, TypeScript, HTML/CSS
Tooling: Git, GitHub Actions, Docker, Azure notions
IA: Cursor, Claude, GitHub Copilot — understand / test / challenge generated code
Soft: curiosity, métier listening, rigor, team spirit, bilingual FR/EN

Education & Certifications

Grenoble INP - Ensimag — Grenoble, France
Engineering Degree – Information Systems / Software Engineering (Double Degree) — *2023 – 2025*
École Nationale Supérieure Polytechnique de Yaoundé — Yaoundé, Cameroon
Master's Degree in Computer Engineering – Top 12% of class — *2019 – 2023*

Certifications: Programming Foundations – TDD (LinkedIn, 2025) · Primerli – Insurance Industry Foundations (2025)

Languages & Extra

English: bilingual / professional · **French:** fluent · **Spanish:** intermediate
Extra: tutoring · tennis, football · GitHub projects with AI-assisted delivery (human ownership)
