# Ghislain THEUBO

Paris, France | +33 6 82 86 62 79 | bergerghislaintheubo@gmail.com
LinkedIn | Bilingual English/French | GitHub

## Professional Summary

Junior Full-Stack Engineer with solid web foundations (APIs, SQL, TypeScript appetite) and strong interest in **AI** × **application security** products. Experience building production APIs and data models; comfortable learning modern frameworks quickly. Excited to contribute to **Escape**'s product & platform (Svelte/TS front, Node/GraphQL/Prisma/PostgreSQL) under mentorship — shipping intuitive workflows for security teams.

## Core Strengths

**TypeScript / JavaScript · Node.js APIs · PostgreSQL · REST / GraphQL notions · Frontend (React; Svelte learning) · Query optimization · Teamwork & communication · AI product interest · Security curiosity (DevSecOps notions)**

## Experience

**Gustave Roussy & CentraleSupélec MICS** — Paris, France
*Backend Engineer (CDD)* — *Jan 2026 – Present*
- Designed REST APIs and relational data models; pagination/perf tuning (+30%); monitoring and access control.
- Production ownership with Docker/CI — ready to learn GraphQL/Prisma patterns in a product squad.

**Dassault Systèmes – 3DEXPERIENCE R&D** — Vélizy-Villacoublay, France
*Software Engineer* — *Apr 2025 – Oct 2025*
- Shipped robust platform features with tests and performance focus; collaborated in multi-team product delivery.

**INRIA Grenoble** — Montbonnot-Saint-Martin, France
*Research Intern* — *May 2024 – Aug 2024*
- Built reliable systems under constraints; clear communication and eagerness to learn from seniors.

## Personal Projects – Security Product Surfaces

**API Findings Dashboard** | Svelte, TypeScript, Node, GraphQL, Prisma, PostgreSQL — GitHub
- Product-style dashboard listing API security findings (severity, endpoint, status) with filters and pagination — Escape UX practice.
- GraphQL API + Prisma models; focus on intuitive workflows for AppSec teams (triage, assign, resolve).

**Attack Surface Inventory (read-only)** | Node, PostgreSQL, TypeScript — GitHub
- Ingest mock asset inventory (domains/APIs) and expose searchable inventory UI — ASM-inspired product feature, defensive/product scope only.

## Technical Skills

**Stack target**: Svelte, TypeScript, Node, GraphQL, Prisma, PostgreSQL
**Also**: REST, Docker, CI, React experience transferable to Svelte
**Interest**: AI-powered security products, DevSecOps concepts, startup pace

## Education

**Grenoble INP - Ensimag** — Grenoble, France
*Engineering Degree in Computer Science & Software Engineering* — *2023 – 2025*

**École Nationale Supérieure Polytechnique de Yaoundé** — Yaoundé, Cameroon
*Master's Degree in Computer Engineering (Top 12%)* — *2019 – 2023*

## Languages

**English:** Bilingual (professional working proficiency)
**French:** Fluent
**Spanish:** Intermediate
