Ghislain THEUBO

Paris, France | +33 6 82 86 62 79 | bergerghislaintheubo@gmail.com
LinkedIn | Bilingual English/French | GitHub

Professional Summary

Backend Engineer focused on scalable APIs, reliability, and product impact. Optimized critical paths at Dassault Systèmes; shipped production services with observability at Gustave Roussy; platform exposure at Shift (Azure, high-perf APIs). Building strong **Go** skills via dedicated systems projects (plus TypeScript). Product-led, bias for simplicity, fluent English — ready to help Prelude scale trust/authentication infrastructure.

Core Strengths

Go · Distributed systems notions · APIs (REST / gRPC notions) · Performance & reliability · SQL / cloud data stores · TypeScript plus · Product mindset · English fluent · Ownership

Experience

esumeSubheading Shift Technology – Platform Software EngineeringParis, France Software Engineer (CDI – Platform / Backend)Sept 2026 – Nov 2026 esumeItemListStart esumeItemContributed to the extbfplatform / foundations squad building shared services used by product teams: design and implementation of extbfC# / .NET components and extbfhigh-performance APIs on extbfMicrosoft Azure. esumeItemWorked with cloud data and messaging building blocks (extbfAzure Cosmos DB, extbfService Bus), configuration/transversal services, and infrastructure-as-code awareness (extbfTerraform) in a hybrid SaaS environment. esumeItemPracticed production engineering habits: design discussions, code reviews, monitoring mindset, incremental delivery, and collaboration with platform and product engineers. esumeItemListEnd

Dassault Systèmes – 3DEXPERIENCE / 3DSwym R&D Vélizy-Villacoublay, France
Software Engineer Intern (Full-Stack Module Rewrite) *Mar 2025 – Sept 2025*

- R&D internship on 3DEXPERIENCE / 3DSwym: end-to-end modernization of a critical collaborative Survey module (specs → implementation → quality).
- Java/Spring Boot + Hibernate; algorithmic and data-access optimization culminating in ∼**35%** gains; rigorous TDD (∼**85%** coverage).
- Cross-functional collaboration with product champions; documented design choices for long-term maintainability.

INRIA Grenoble – Humanlab / Froll'N'Roll Montbonnot-Saint-Martin, France
Research Intern – Real-Time Control Modules (Assistive Wheelchair) *May 2024 – Aug 2024*

- Developed real-time control modules in **C/FreeRTOS** and Python for an electrically assisted manual wheelchair — direct user impact with continuous validation with the end user.
- Redesigned communication/data pipelines under latency constraints; improved responsiveness by ∼**40%**; contributed to open/documented research codebases.
- Human-centered engineering: DIY hardware/software integration, iterative prototyping, and clear technical communication in a multidisciplinary SED team.

LIG – Laboratoire d'Informatique de Grenoble Grenoble, France
Cloud Infrastructure Intern (VM Migration on OpenStack / Grid'5000) *Feb 2025 – Mar 2025*

- Automated and studied **VM live/migration** experiments on OpenStack within Grid'5000; analyzed performance vs availability trade-offs for hosted applications.
- Wrote reproducible scripts and measurement notes under supervision of Alain Tchana — deepened virtualization and distributed cloud skills.

Selected Projects

OTP Orchestrator | Go, PostgreSQL, queue workers, metrics GitHub
- Go service selecting delivery channel, rate-limiting, and recording verification attempts — Prelude-inspired auth building block with idempotency and load tests.

Fraud Signal Worker | Go, message queue, worker pattern GitHub
- Async workers scoring risk signals and applying block rules; emphasis on simplicity, extensibility, and operability.

gRPC + TypeScript Admin Tool | Go gRPC, TypeScript GitHub
- Internal tool to inspect verification sessions — DX for developers/support; product empathy + TypeScript plus.

Technical Skills

Primary: Go, API design, concurrency, testing, observability
Systems: queues, workers, caching, reliability
Plus: TypeScript, Python, SQL, Azure/.NET exposure (Shift)
Culture: ownership, bias for action, care for quality

Education & Certifications

Grenoble INP - Ensimag — Grenoble, France
Engineering Degree – Information Systems / Software Engineering (Double Degree) — *2023 – 2025*

École Nationale Supérieure Polytechnique de Yaoundé — Yaoundé, Cameroon
Master's Degree in Computer Engineering – Top 12% of class — *2019 – 2023*

Certifications: Programming Foundations – TDD (LinkedIn, 2025) · Primerli – Insurance Industry Foundations (2025)

Languages & Extra

English: bilingual / professional · **French:** fluent · **Spanish:** intermediate
Extra: academic tutoring (UGA DAEU maths; 4 years mentoring baccalaureate students in Cameroon) · tennis, football
